ISSSEEM BOARD OF DIRECTORS

Elmer Green, Ph.D.
President
Director Emeritus
Voluntary Controls Program
The Menninger Clinic
Topeka, KS 66601

T. M. Srinivasan, Ph.D.
President Elect
Director of Inst. Laboratory
The John E. Fetzer Institute
Kalamazoo, MI 49009

Stephan A. Schwartz
Vice President
Chairman and
Director of Research
The Mobius Society
Los Angeles, CA 90010

Carol Schneider, Ph.D.
Treasurer
Director, Colorado
Center for Biobehavioral Health
Boulder, CO 80301

C. Penny Hiernu
Secretary
Executive Director
ISSSEEM
Golden, CO 80401

THE INTERNATIONAL SOCIETY FOR THE STUDY OF SUBTLE ENERGIES AND ENERGY MEDICINE

The International Society for the Study of Subtle Energies and Energy Medicine (ISSSEEM) is an interdisciplinary organization for the study of informational and energetic interactions. The Society is concerned with the study of informational systems and energies that interact with the human psyche and physiology, either enhancing or perturbing healthy homeostasis.

The Society was organized in the fall of 1989. As a result of our efforts over the past year, over 1,800 individuals have elected to join ISSSEEM. Of that number, 17% are physicians, 28% have completed their doctoral work, 20% have completed a masters, 17% a bachelors. We feel that psychology, psychophysiology, psychophysics, and medicine are rapidly coming together in a synthesis that will keynote an innovative science of the 21st century. It is the hope of the leadership of the society that through carefully prepared and edited publications the Society will stimulate ISSSEEM interest in the greater scientific community.

Subtle Energies & Energy Medicine is a premier peer-reviewed, scientific journal designed to meet the needs of experimental scientists, other empirical researchers, clinicians, and theoreticians with interests in consciousness, healing, and the dynamics and limits of human potential. Published papers address the study of subtle energies and informational systems that interact with the human psyche and physiology, either enhancing or perturbing healthy homeostasis.

Membership dues sustain the Central Office and provide members with a quarterly magazine, *Bridges*. The Society encourages the exchange of information through conferences, seminars, and workshops. An annual conference is planned in June of every year.
